

SENIORS FOR CLIMATE

LATER IS TOO LATE!

Perth and District Seniors for Climate

Suggested Questions for Municipal Candidates 2026

1. As climate change increases weather risks like wildfires, flooding and extreme heat, what should Council be doing?
2. What are your views on having a climate or environment committee as a standing committee of Council?
3. Renewable energy:
 - How will you advocate for renewable energy features in new municipal buildings?
 - What opportunities do you see for more solar panels on municipal buildings? What about other locations in our municipality?
 - What do you think about retrofits to improve energy usage and replace fossil fuels in public buildings?
